

COMPANY PROFILE

ABOUT US

GREEN GEM INVESTMENT SARL is a diversified Congolese company providing reliable solutions across industrial, construction, logistics, trading, equipment and energy-related activities.

We support companies, contractors, industrial operators and other organizations by providing practical and efficient services tailored to their operational needs. From equipment rental and maintenance to construction, logistics, scrap metal trading, industrial cleaning and import-export, we bring together a broad range of capabilities under one trusted partner.

Our approach is built on reliability, professionalism, operational efficiency and long-term partnerships. We are committed to delivering quality services while adapting to the specific requirements of every project and client.

MISSION

Our mission is to provide reliable, efficient and professional solutions that enable our clients to operate, build and grow with confidence. We achieve this by:

VISION

To become a leading and trusted multi-sector company in the Democratic Republic of Congo and across Africa, recognized for the quality of our services, operational excellence and ability to create sustainable value for our clients and partners.

We aspire to contribute to the development of industries and communities by providing solutions that support economic growth, infrastructure development and efficient business operations.

Scrap metal trading

GREEN GEM INVESTMENT SARL is engaged in the sourcing, collection, purchasing and trading of scrap metals. We work with businesses, industrial operators, contractors and other stakeholders to facilitate the efficient recovery and movement of recyclable metal materials.

Our activities cover the sourcing and aggregation of different types of scrap metal, as well as coordination with buyers and suppliers.

1

Through a professional and reliable approach, we aim to provide our partners with transparent transactions, responsive service and dependable supply solutions while contributing to the responsible recovery and reuse of valuable metal resources.

Truck & machinery rental

We provide truck and machinery rental solutions to support construction, industrial, mining, logistics and infrastructure projects. Our rental services are designed for companies that require operational equipment without necessarily making significant investments in purchasing and maintaining their own fleet.

Our equipment solutions can support activities such as transportation, material handling, construction works, site preparation and general industrial operations.

2

We work with clients to identify equipment requirements according to the nature, duration and scale of their projects.

Our objective is to provide reliable equipment solutions that help clients maintain productivity, meet project deadlines and optimize their operational resources.

Construction

GREEN GEM INVESTMENT SARL provides construction services for commercial, industrial, infrastructure and other development projects.

We support clients throughout different stages of construction, from project preparation and site activities to the execution of required works.

Our approach combines project coordination, manpower, equipment and operational support to help ensure that construction activities are carried out efficiently and according to project requirements.

3

We are committed to delivering construction solutions that emphasize quality, efficiency, safety and responsible project execution, while building long-term relationships with clients and project partners.

Industrial Cleaning

Industrial facilities require high standards of cleanliness to maintain safe, organized and efficient working environments.

GREEN GEM INVESTMENT SARL provides industrial cleaning solutions for companies operating in demanding industrial and commercial environments.

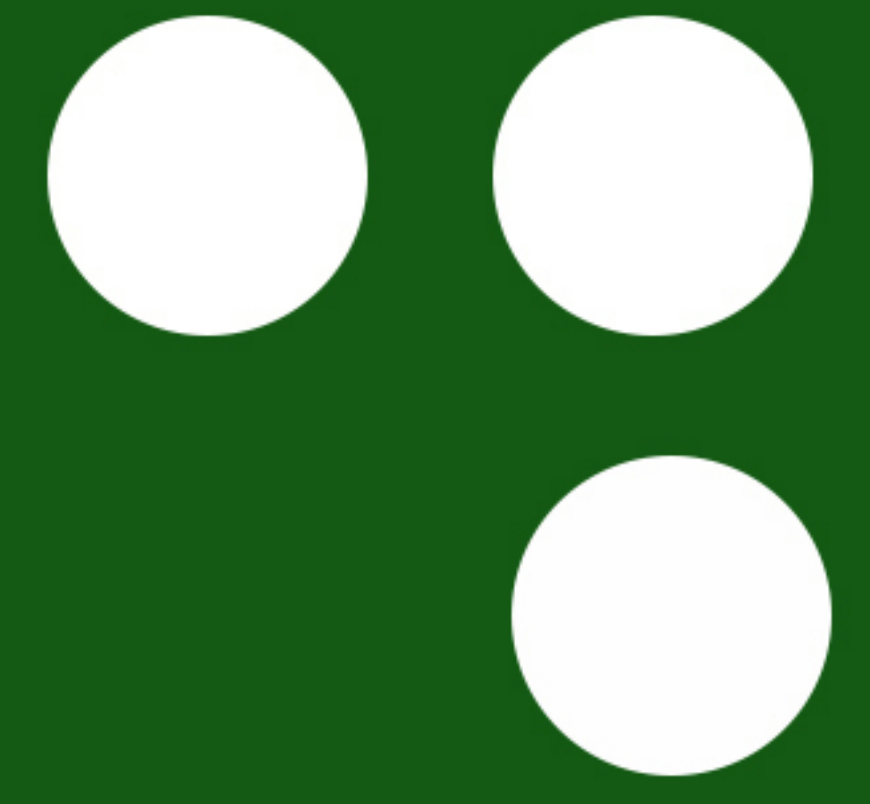

4

By helping organizations maintain cleaner and more organized facilities, our industrial cleaning services contribute to better working conditions, improved operational environments and the overall maintenance of industrial assets.

Import & Export

GREEN GEM INVESTMENT SARL provides import and export solutions designed to facilitate the movement of goods, equipment, materials and products across international markets.

We support businesses looking to source products internationally or access markets beyond their domestic operations.

Our services include coordination of sourcing, purchasing, transportation and other activities associated with international trade.

By helping organizations maintain cleaner and more organized facilities, our industrial cleaning services contribute to better working conditions, improved operational environments and the overall maintenance of industrial assets.

Logistics

Efficient logistics are essential to the success of industrial, construction, mining and commercial operations. GREEN GEM INVESTMENT SARL provides logistics solutions to support the movement, handling and delivery of goods, equipment and materials.

Our logistics services are designed to respond to different operational requirements, including transportation coordination, cargo movement, material handling and delivery support. We work to ensure that goods and equipment reach their intended destinations efficiently and according to agreed operational requirements.

5

By combining logistics coordination with our transportation and equipment capabilities, we help clients reduce operational complexity and maintain continuity throughout their supply and distribution activities.

Maintenance des équipements

Des équipements fiables sont indispensables au maintien de la productivité et à la réduction des interruptions opérationnelles. GREEN GEM INVESTMENT SARL propose des solutions de maintenance destinées à préserver les performances, la fiabilité et la durée de vie des machines et équipements utilisés par ses clients.

Nos interventions peuvent comprendre la maintenance préventive, l'entretien courant, l'inspection des équipements et le soutien technique nécessaire à leur bon fonctionnement.

Notre objectif est d'aider nos clients à réduire les temps d'arrêt, prolonger la durée de vie de leurs équipements et maintenir leur efficacité opérationnelle grâce à une maintenance régulière et proactive.

Industrial Drill

GREEN GEM INVESTMENT SARL provides industrial drilling services and operational support for projects requiring specialized drilling capabilities.

Our services are intended to support industrial, infrastructure, construction and other projects where drilling forms an important part of site operations.

We focus on providing organized and reliable drilling support according to the technical and operational requirements of each project.

7

Depending on project needs, our capabilities can be complemented by appropriate machinery, personnel and logistical support. Safety, operational discipline and proper project coordination remain important elements of our approach. We work with clients to understand their drilling requirements and provide solutions adapted to the nature and scope of their operations.

Gas station Services

GREEN GEM INVESTMENT SARL provides gas station and fuel-related services designed to meet the needs of individuals, businesses, vehicle fleets and industrial operators.

Our objective is to provide convenient and reliable access to essential fuel services.

Our services are oriented toward supporting transportation and industrial activities that depend on a consistent supply of fuel.

8

Through our gas station activities, we contribute to the mobility of businesses, individuals and operational fleets, providing a dependable point of access to fuel and related services.

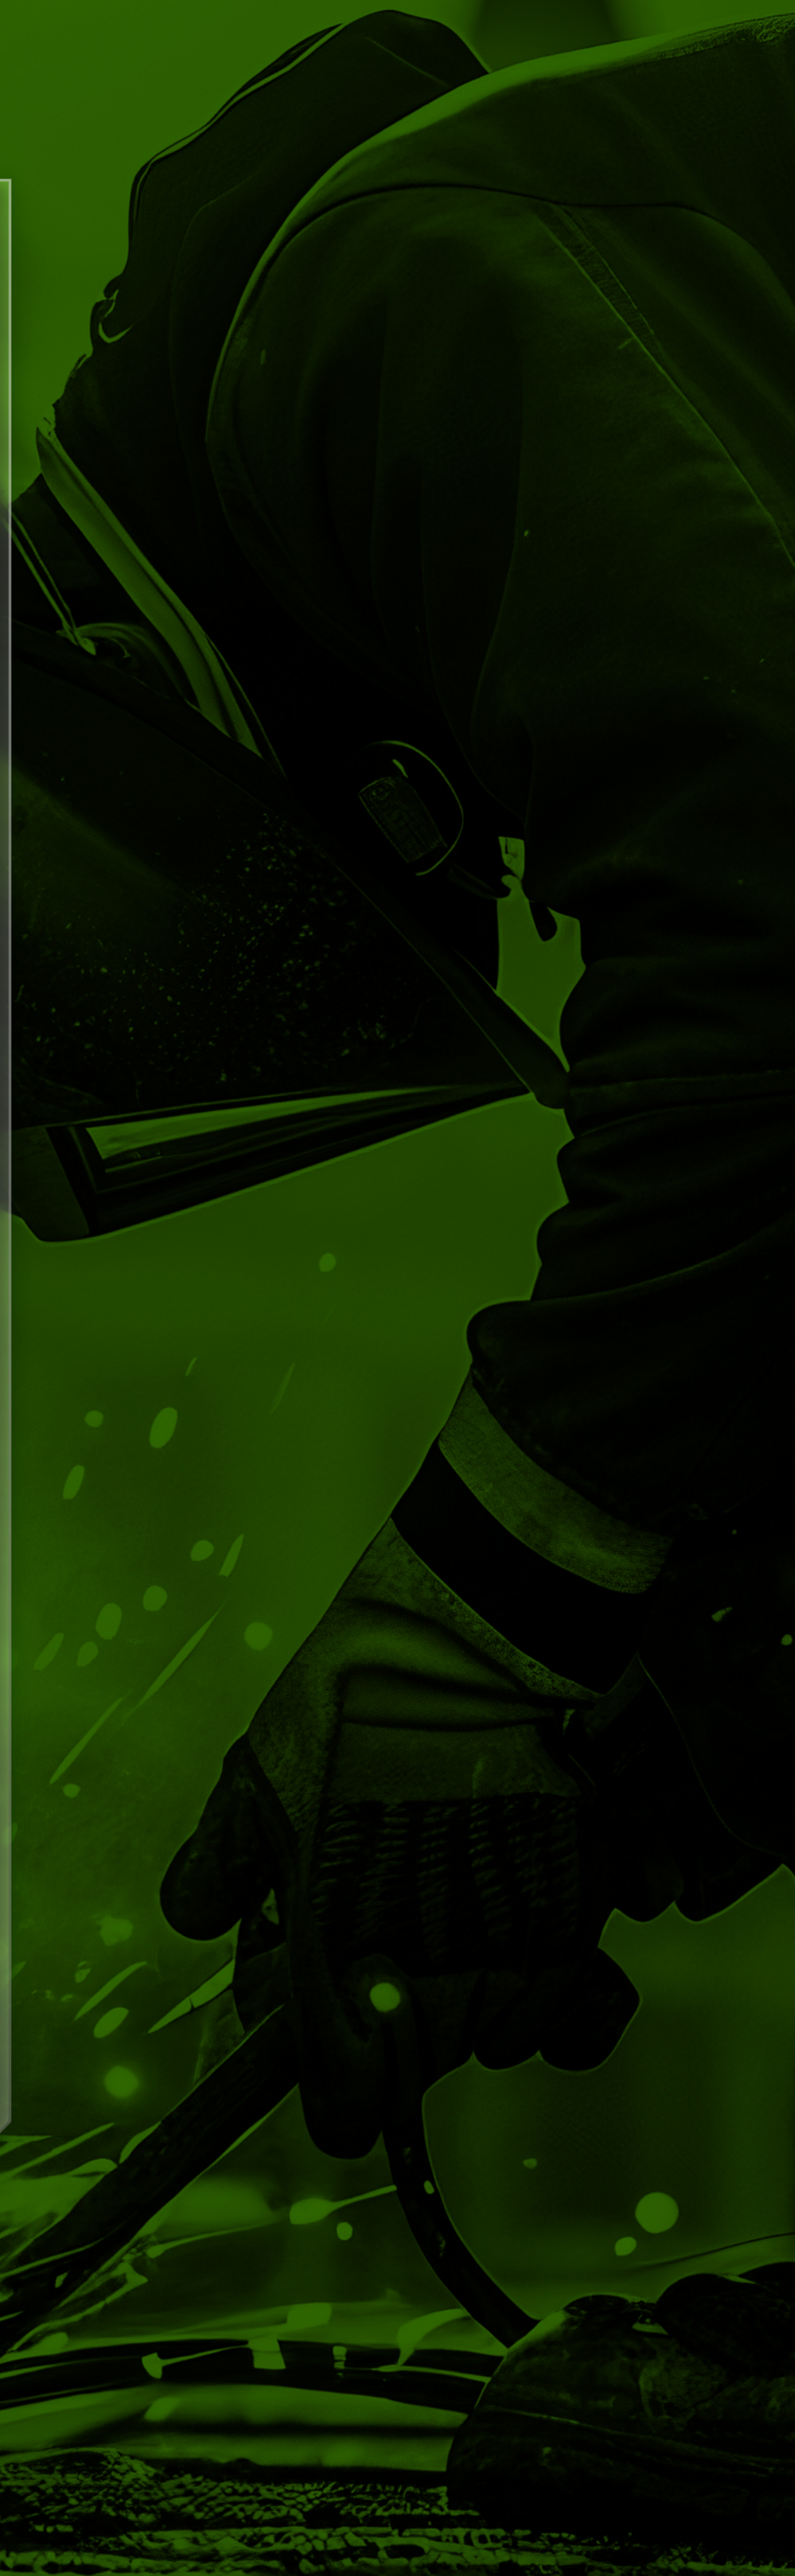

Our Commitment

At GREEN GEM INVESTMENT SARL, we believe that every challenge represents an opportunity to create value. Whether you need equipment, logistics support, construction services, industrial solutions, trading services or operational assistance, we are committed to being a dependable partner from start to finish.

Why choose us ?

Our diversified range of services allows clients to access multiple operational solutions through a single reliable partner.
